## Professional Summary

**CAREER PROFILE** PhD in Physics and Master's in Data Science with over three years of experience in Python coding, AI, and machine learning. Skilled in designing and deploying robust data pipelines, developing machine learning models for predictive analytics, and creating dynamic dashboards using Python libraries like Matplotlib and Seaborn. Proficient in SQL for querying and managing complex databases.

**EXPERIENCE** Data Analyst The Bitrates, Sydney, Australia Jul 2024 – Present - Improved data pipeline efficiency by 30- Developed machine learning models for predictive analytics, enabling data-driven business decisions. - Built dynamic dashboards and visualizations using Python libraries to effectively communicate insights.

Software Engineer and Analyst Property Console, Sydney, Australia Jun 2023 - Nov 2023 - Ensured 99- Collaborated with the development team to enhance analytics capabilities and improve data processing speed by 25- Produced Tableau dashboards for data-driven decision-making.

**EDUCATION** Master of Data Science Charles Darwin University, Sydney, Australia Mar 2023 - Nov 2024

PhD in Physics CY Cergy Paris University, Cergy, France Oct 2018 - Sep 2022

Master of Theoretical Physics CY Cergy Paris University, Cergy, France Sep 2016 - Jun 2018

**SKILLS** - Proficient in Python programming for data analysis, automation, and machine learning. - Skilled in SQL for querying and managing complex databases. - Experienced in creating interactive dashboards and visualizations using Python libraries. - Strong project management skills to deliver multiple projects and meet deadlines. - Excellent communication and customer service skills.

**REFERENCES** Available upon request.

## Education

- B.Sc. in Computer Science
- M.Sc. in Data Science

## Experience

- Software Engineer at Tech Company
- Data Analyst at Analytics Inc.

## Skills

- Python
- Dart
- Flutter
- SQL
- Machine Learning
